

FREE DYSLEXIA AWARENESS WORKSHOPS

Did you know that at least 20 per cent of the population is dyslexic?
Do you know what it is and how it might affect your employees or clients?

Adjustments for dyslexic people can be simple and inexpensive, but do you know what they might mean in practice?

- Individuals with dyslexia are covered by the **Disability Discrimination Act**
- It is important for everyone to take account of this so that their services are accessible to all.
- Dyslexia is not just to do with difficulties in reading, writing and spelling and can present in many different ways.

Workshop programme aims:

- to provide participants with an opportunity to acquire knowledge and understanding of dyslexia;
- to enable participants to gain a greater awareness of dyslexia and be able to give more relevant help and advice to adults and young people;

Our delivery style:

- A mixture of practical activities, group interaction and informative presentations;
- A friendly atmosphere with time to chat and network with others.

We would like to work with you if you:

- Work with adults and young people in any situation *and/or*
- Deliver training;
- Offer advice and guidance;
- Are keen to increase your understanding and knowledge of dyslexia;

Workshops normally last 2 hours and can be delivered at an organisation's place of work, and tailored to suit your individual requirements. We also deliver workshops in communities around Cornwall so please contact us to find out about workshops in your area.
